

European Solar and Energy Storage Solutions

Trina Solar produces photovoltaic panels

Overview

As one of the leading solar photovoltaic manufacturers in the world, Trinasolar delivers a smart, industry leading solution for year energy needs.

As one of the leading solar photovoltaic manufacturers in the world, Trinasolar delivers a smart, industry leading solution for year energy needs.

A trailblazer in solar since 1997. With over 205 gigawatts shipped worldwide and counting, Trina's photovoltaic panels and solar system components provide clean, affordable and reliable energy to homes, businesses and power plants around the world.

Trina Solar has announced it will build a more than 1 million square foot solar photovoltaic (PV) manufacturing facility in Wilmer, Texas. The company is investing more than \$200 million in property and equipment. When completed, the facility will provide 1,300 local jobs, produce 5 GW of modules, and source polysilicon from the United States .

Trina Solar is the industry's Goldilocks option. Known for dependable solar panels that won't break the bank, the China-based solar panel manufacturer offers a middle ground between premium brands and budget options—and is popular among shoppers on the EnergySage Marketplace.

Trina Solar offers two high-quality residential solar panel options ranging from 310-380W. Trina Solar panels are highly efficient, between 19.9% - 20.6%, giving you more power per panel. You can trust that Trina has your back with a 25-year product and performance warranty.
