We represent the interests of owners of industrial solar power plants, Ukrainian and foreign investors, companies engaged in the design, construction and maintenance of solar power plants, manufacturers and importers of equipment for solar power plants, and owners of home solar power plants.

Recently, the storage of accumulated energy at industrial and household sites become increasingly important. LLC ADS offer a wide range of alkaline and lithium-ion batteries which are designed to be implemented as an independent or emergency power supply at stand-alone, hybrid, solar, and wind electric stations.

This project focuses on designing, implementing, and optimizing a 4.8KWH energy storage system for residential use in Ukraine, utilizing the products POW-HVM5.5K-48V (which has been upgraded to POW-HVM6.2K-48V-LIP) and POW-LIO48100-15S. The project aims to enhance energy efficiency and reliability through advanced energy storage technologies.

Norwegian battery startup Morrow, which opened its first factory earlier this month, has reached a preliminary deal to deliver power storage systems to Ukraine, the company said in a.
