Union solar ohio Guyana

Application scenarios of energy storage battery products

Overview

Will AEUG Union solar build a 100MW solar project in Ohio?

The project is the third-largest approved under the state's recent large-scale solar boom. The recent wave of 100MW+ solar installations approved for construction in Ohio keeps on rolling, as regulators have voted to approve Acciona subsidiary AEUG Union Solar's application to construct the Union Solar facility.

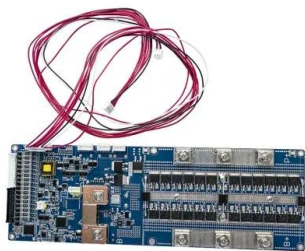

Is Union solar a Acciona or Tenaska project?

Union Solar is one entry included in a portfolio of solar farms being developed in a relationship between ACCIONA and Tenaska. Union Solar now checks in as the third-largest project to be proposed during the development boom that has hit Ohio in the last two years, just behind Open Road Renewables' 350MW Harvey Solar Project.

How many jobs will Union solar create?

The project represents an estimated \$320M investment that will create more than 300 local jobs at peak construction. It will create an estimated 12 to 14 full-time jobs during operation. Union Solar is one entry included in a portfolio of solar farms being developed in a relationship between ACCIONA and Tenaska.
