

European Solar and Energy Storage Solutions

Vionx energy Lebanon

Overview

Who is Vionx energy?

VionX Energy is an energy company manufacturing power and energy storage products to deliver long run-time and cost-competitive operation. The company's system delivers unrivaled Levelized Cost of Storage at discharge durations greater than 4 hours due to low capital and operating cost and a product life of over 20 years with no performance.

What are some alternatives to Vionx energy?

Alternatives and possible competitors to VionX Energy may include Blue Origin , TRINA SOLAR LTD , and Natron Energy. VionX Energy is an energy company manufacturing power and energy storage products to deliver long run-time and cost-competitive operation.

When did Vionx energy close?

VionX Energy closed its last funding round on Jun 21, 2018 from a Venture - Series Unknown round. Who are VionX Energy 's competitors?

Alternatives and possible competitors to VionX Energy may include Blue Origin , TRINA SOLAR LTD , and Natron Energy.

Energy storage co VionX secures USD 58m in funding

VionX is a supplier of long-duration grid-scale flow batteries, the operational functions of which include renewables shifting and firming. Its Vanadium Flow battery has a six to 10 hour runtime, optimised storage capacity and long-term power output.

Vionx Energy launches next generation storage system for utility ...

As the exclusive manufacturer for Vionx's storage system, we are proud to be part of the unique and influential group coming together to support Vionx energy and flow battery technology." Vionx Energy has recently delivered a large-scale storage system to the U.S. Army at

Fort Devens in Massachusetts and is poised to announce additional

Vionx Secures Insurance Product for Its Flow Batteries

The customer for the policy would be the engineering, procurement and construction contractor that purchases Vionx batteries as part of an energy storage project. If any issues arise with a deployed system, Vionx still has the affirmative obligation to repair or replace according to warranty. The insurance covers the scenario in which there's

VIONX Energy

A group of top global companies in energy, technology and finance have come together to back a new kind of energy storage company that's poised to transform how modern grids are managed and optimized--Vionx Energy. Based in Massachusetts, Vionx is meeting a critical need in today's energy storage marketplace: making the grid-scale battery
