Solar Panels Wellington

Why make the switch to solar in Wellington? Receiving 2110 sunshine hours per year, Wellington is a fantastic location in New Zealand for installing solar panels. Gain sustainable, renewable energy with a solar power system and reduce your electricity costs and environmental impact. Whether you live in Upper Hutt, Lower Hutt, Porirua, or Wellington City, your house or ...

Solar Power Installation Wellington

One significant advantage of solar power in Wellington is when solar panels produce more electricity than needed, the excess energy can be fed back into the grid. This process allows consumers to earn credits, reducing their overall energy bills and contributing to the city's sustainable energy goals.

Homepage

Solar is one of the most sustainable and accessible energy sources. Since 2020 we have completed development and construction of more than 62MW of solar capacity. We have more than 744MW of ongoing projects around Estonia in different municipalities which will be completed by the end of 2024.
