Discover China's top 15 solar panel manufacturers driving the global solar revolution with innovation, quality, and affordable clean energy solutions. Have you ever wondered who's behind the solar revolution that's sweeping across the globe?

Who is China Sunergy?

Founded in 2006, China Sunergy is a solar cell and panel products manufacturer based in Nanjing, Jiangsu. The company specializes in creating solar cells from silicon wafers, and they both use monocrystalline and multi-

crystalline silicon solar cells for this. Their primary customer base is in China, but they also sell their products worldwide.

Why is China a good place to manufacture solar panels?

There are a ton of solar manufacturers all over the world. But out of all countries, China is still a choice location for many companies. This is because manufacturing in China is an essential asset to reducing prices for products, a fact that companies all over the world know about.

Which solar companies are based in China?

All of the main manufacturers are based in China. Longi Solar took the first spot with 45 GW to 47 GW, followed by Trina Solar with around 43 GW and JinkoSolar with 42 GW to 43 GW. JA Solar came in fourth with 39.75 GW, followed by Canadian Solar with 21.1 GW, and Risen Energy with 16 GW.

Are Chinese solar panels good?

To be clear up front, solar panels from the companies listed below are excellent performers with at least 25 years of expected life. As a rule, Chinese solar panels are as good as any others on the market. China produces around 80% of all solar panels, so like any product, there are cheaper offerings from less well-known companies.

Which solar company is best?

Talesun Solar: Focuses on high-efficiency monocrystalline panels, catering to both domestic and international markets. 9. CSUN Solar: A rising manufacturer offering competitive prices and good quality. 10. Seraphim Solar: Recognized for its focus on innovation and prioritizing customer satisfaction.

Where is China Sunergy made?

In fact, in May 2013, China Sunergy opened its first international manufacturing base in Turkey. This made the company the only Chinese solar cells and module manufacturer with a base in Europe. As of now, China Sunergy has a production capacity of 1.2 GW and an installed capacity of more than 1.4 GW all over the world.
