Wolter Power Systems

Wolter Power Systems is a distributor for engines

and generators. 24/7 Service. General Info
Wolter Power Systems is the authorized distributor for Continental, Deutz, Yanmar and Wisconsin engines offering complete packages to OEM's, dealers, and other customers alike for the state of Wisconsin and in some instances Northern Illinois.

About Wolter, Inc.

From new & used material handling equipment, service and training to robotics & automation, overhead cranes & hoists, power systems, railcar movers, storage solutions and complete integrated systems. Our focus is on enhancing your operational productivity, turning today's expenses into tomorrow's revenue streams.

Wolter

Wolter Power Systems is a division of Wisconsin Lift Truck, which was founded in 1962. This company sells industrial engines and generators. The engines are used in heavy equipment and power systems. The generators range from small residential units to large industrial power distribution systems.

Wolter

Wolter Power Systems delivers industrial engines and exchange engines for many industries, including the construction, agricultural, material handling, and industrial and electrical power generation sectors. Wolter Power Systems was acquired in 1998 by one of the largest material handling companies in the Midwest, Wisconsin Lift Truck Corp.

History

In 1975, Wolter Power Systems was founded as a sole Deutz engine distributor. The business grew steadily each year, allowing Wolter to become the authorized dealer for many new industrial engine lines, along with exchange engines, generators, transfer switches, pumps and mobile light towers from leading manufacturers.
