Yili Solar Support

Overview

Why is Yili a sustainable company?

Yili is committed to using sustainable development as the golden key to "create value together" and share beauty with everyone. As a leading company in the industry, Yili leverages its leadership and leading role to achieve the goal of "comprehensive value-leading".

Is Yili a good company?

Yili Awarded as Thailand's "Excellent Practices Establishment on Labour Relations and Welfare" as the 2nd Year of Achievement. From the "Power of Responsibility" to our "'WISH 2030' golden key sustainable development system", we consistently demonstrate our commitment to creating a healthier world for all.

Why should you choose Yili?

From the "Power of Responsibility" to our "'WISH 2030' golden key sustainable development system", we consistently demonstrate our commitment to creating a healthier world for all. Yili ranks among the Global Dairy Top 5 and has sustained an undisputable position of No. 1 in Asia for nine successive years.

What does Yili do?

This includes empowering upstream development, accelerating industrial integration, leading the high-quality development of the dairy industry, promoting modernization of agriculture and rural areas, and contributing to rural revitalization. Yili is committed to making comprehensive contributions to the common prosperity of the society.

Is Yili a 'net zero' supplier?

With World Integrally Sharing Health: A Sustainable Development Initiative by Yili Group, Yili joined hands with partners across the industrial chain towards a

net zero future. Among them, Tetra Pak, FrieslandCampina, Chr. Hansen, Roquette, and four other suppliers were recognized as Low Carbon Pioneer in Yili's Global Supply Chain.

What makes Yili unique?

Yili leads the way in innovation, establishing the first three-tier R&D system in the industry and deploying seven global innovation centers. We ranks second globally in 2021 for domestic and foreign patent authorizations. Yili has a global reach, with partnerships spanning across six continents, 39 countries and over 2,000 enterprises.
