Yuyang Solar Generator

Overview

Who is Guangdong Yuyang new energy?

Guangdong Yuyang New Energy Co., Ltd focuses on Energy Storage System, Solar System Solutions, integrated with R&D, Manufacturing, Sales and Technology Service, Provide a series of products such as Lithium-ion Batteries, Inverters, Solar Panels, etc and customization service, it is located in Dongguan City, Guangdong Province, China.

Why should you choose Yuyang batteries?

Yuyang Batteries have high quality, super safety and nice appearance, they are easily installed, and can be used in long lifespan. They are deeply loved by our clients, and widely used in house or industrial energy storage system. Welcome everyone contact us!.

Are solar generators portable?

Solar generators are available as both portable generators and backup home generators. Most solar generators are portable, lightweight, and have a built-in handle. The best portable solar generators are used to provide power for construction sites, campers, events, or other settings where access to electricity is limited.

How many Watts Does a solar generator provide?

Two of this solar generator's six USB ports are fast-charging to ensure your necessary devices and appliances, such as lanterns and phones, stay charged at all times. Our team liked that the generator provides up to 1,260 watt hours for refrigerators. Good For: Those looking for a heavy-duty solar generator with a high wattage.
